

# FAM Play

---

# Futures Action Model

- Learning via Embodiment of FAM
- Feeling of how it works as a prelude into full use and longer research
- Learning between layers
- Tension between layers
- Change pens each round!

# Futures Action Model

- Policy (ies) for tackling homelessness in Melbourne

# FAM - Layers

Step 1 - Divide into 4 groups:

- Emerging Futures
- Global Responses
- Community of the Initiative
- Core Model / Policy

# FAM - Layers

Step 2 – Thinking about your theme you have 15 minutes to:

1) Note down as much detail as you can think of for your layer ONLY i.e.

- Emerging Issues (only)
- Global Responses (only)
- Stakeholders, Impact (only)
- Purpose, governance, resources, policy design (only)

# FAM - Layers

Step 3 – Discussion:

You have 5 minutes to discuss your findings in the following groupings :

1)Core Model & Community of the Initiative

2)Emerging Futures and Global Responses

- Look for gaps that help you add detail to you layer?
- What new ideas / thoughts, lines of research are there?

# FAM - Layers

## Step 4

Back in your individual groups add you have 5 minutes :

- 1) Note down any additional detail for your layer
- 2) Note any analysis tools you think might be useful for further work another time

# FAM - Layers

## Step 5 – Discussion

You have 5 minutes to discuss your findings in the following groupings :

- 1)Core Model & Emerging Futures
- 2)Community of the Initiative & Global Responses

- Look for gaps that help you add detail to you layer?
- What new ideas / thoughts, lines of research are there?

# FAM - Layers

## Step 7

Back in your individual groups add you have 5 minutes :

- 1) Note down any additional detail for your layer
- 2) Note any analysis tools you think might be useful for further work another time

# FAM - Layers

Step 8 – Discussion:

You have 5 minutes to discuss your findings in the following groupings :

- 1)Core Model & Global Responses
- 2)Emerging Futures & Community of the Initiative

- Look for gaps that help you add detail to you layer?
- What new ideas / thoughts, lines of research are there?

# FAM - Layers

## Step 9

Back in your individual groups add you have 5 minutes :

- 1) Note down any additional detail for your layer
- 2) Note any analysis tools you think might be useful for further work another time

# FAM - Layers

## Step 10 – Discussion:

- Bring model together and review
- Develop new policy ideas  
10 minutes
- Present ideas

# FAM - Layers

## Step 12 : Debrief

- What did you learn about the interaction between the layers?
- How much did your policy intervention change ?
- What were the tensions in the system
- What have you learnt about FAM/ Futures practice
- Where could you use this?
